Organized Labor.

With the relation to their attitude toward organized labor, the book asserts that the Democrats were the first to give it recognition. Its position is summarized as follows:

"It is safe to say there has not been a statute enacted by congress for the relief of the workingmen of the United States or organized labor, that the Democrats have not given their hearty Taking up President Roosevelt's ro-

sition on the question, it is declared that "he is hostile to the labor element. he has expressed it in his book, in his official utterances and by his acts." It is stated that he regards representatives of labor unions as members of the "rogues' gallery," "sleek, oily "bulls of Bashan," "lazy, fellows, selfish, brutal, violent, murderous," "a tablishment is enormous, the import duty on the hops is correspondingly large.

Roosevelt Wobbles.

Returning to the subject of the tariff. the book asserts that President Roose-veit at various times in his career has been a free trader, a tariff reformer and a stand-patter, and that he "may lead a movement for tariff revision in 1908," and then it has this to say:

"Mr. Roosevelt has written nothing Free Trade club, but it has been given out at Oyster Bay this summer that he is fully in accord with the views of Speaker Cannon and Mr. Sherman, which have been summarized in the language of gamblers and beggars, 'Stand pat and pass the hat.'"

The "Big Stick."

Under the caption, "the motive behind the 'big stick,'" it is charged that President Roosevelt favors big corporations in Porto Rico and the Philippines and that he would make laws advansubsidized merchant marine, and that he has perverted the Monroe doctrine in the interest of the asphalt trust in Venezuela. It is said that not unless he found the necessity to win Demoeratic support for his policy of imperialism did he ever say a word in praise of any Democratic statesman or Democratic achievement. Persistent Anæmia Cured by Dr. Williams' Pink Pills After Other Remedies Had Failed.

"When I began taking Dr. Williams' Pink Pills," says Mrs. Nathaniel Field. "I was the palest, most bloodless person, you could imagine. My tongue and gums were colorless and my fingers and ears were like wax. I had two doctors and they pronounced my trouble anæmia. I had spells of vomiting, could not eat, in fact, did not dare to, I had such distress after eating. My stomach was filled made my heart beat so fast that I could hardly breathe. But the worst of all was the splitting neuralgia headache which never left me for seven weeks. About this time I had had several numb spells. My limbs would be cold and without any feeling and the most deathly sensations would come over me.

"Nothing had helped me until I began taking Dr. Williams' Pink Pills, in fact, I had grown worse every day. After I had taken the pills a short time I could see that they were benefiting me and one morning I awoke entirely free from pain. The distress after eating disappeared and in three weeks I could eat anything I wanted and suffer no inconvenience. I also slept soundly. I have taken several boxes of the pills and have gained in weight from 120 to 154 pounds and am perfectly well now.'

Dr. Williams' Pink Pills cure anæmia because they actually make new blood. For rheumatism, indigestion, nervous headaches and many forms of weakness they are recommended even if ordinary medicines have failed. They are sold by all druggists, or will be sent postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.
